**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition between internet service providers helps keep service costs low. Why would anyone want to eliminate or reduce competition other than to increase their profits. I am quite happy with my local broadband provider and their quick personal response to any problem that may arise. I am also satisfied with the cost involved.
